November 16, 1998

Dear Arie:

Your gorgeous plate was very much admired and appreciated by all of us who were at the Dinner on October 22. I am terribly sorry you could not be at the Dinner, but I wanted to single out your plate as one of the most magnificent efforts made, which I treasure. My children were clever enough to purchase the plate for me to keep and cherish.

Most importantly, I treasure this sign of friendship from you.

Most affectionately,

*Erica*
